Council Connection

Recent Council actions from August 4 meeting:

- Approved the site and building plan to reconstruct restroom facilities and a beach house changing area for the Union Gospel Mission property at 580 Highway 96. This property, located on Snail Lake, is used by the Union Gospel Mission for a variety of programs, including day camps for teens, staff retreats and special events.
- Approved the purchase of the property at 795 Highway 96 adjacent to the Ramsey County Library and Shoreview Community Center property. The County recently purchased an adjacent property at 805 Highway 96. The acquisitions of these parcels are consistent with the City's and County's long-range plans to acquire property near the intersection of Highway 96 and Victoria Street and incorporate them within the Shoreview Commons campus area. These two parcels will allow greater design flexibility as the County Library Board prepares plans to convert the current Shoreview Library into a third suburban regional library. Construction could begin on a new expanded library as early as 2015.
